## FROM THE PRINCIPAL'S DESK

Kendriya vidyalaya sangathan introduced the common minimum programme (CMP) during the academic year 2008-09 to create a comfortable and joyful environment, fill the gap between home and school, to enable the students to behave practically and face the future challenges boldly. CMP aims at child friendly, child centered education and lays emphasis upon activity based teaching and learning interactions and provides ample opportunities for all round development. This Newsletter shows the various activities taken up by the primary kids of the Vidyalaya. It encourages the students to do the activities and take part in the various programme conducted under CMP in the Vidyalaya.
